

Ocean Land Investments Brings 3 New Luxury Condos To Fort Lauderdale

by Holly Gambrell | Mar 20, 2018 03:34 PM

Ocean Land Investments, a South Florida developing company that's known for luxury residences and waterfront properties, has brought a new residence to Fort Lauderdale, with two more on the way.

AquaMar is a luxury waterfront residence with 20 suites located on the the Isle of Venice off Las Olas Boulevard. The property can accommodate vessels of up to 50 feet.

Each AquaMar condo has 10-foot ceilings, floor-to-ceiling windows, expansive terraces with waterway vistas and access to private rooftop terraces from individual elevators. It also has a "dream garage" for residents, which includes custom-designed porcelain floors, Italian wooden ceilings and electric car-ready spaces.

Move in for AquaBlu, a second luxury residence, will begin in the summer and the third property, AquaVue, is topped off and is currently set for a late spring 2018 opening.

See photos of AquaMar below:
