

Ocean Land Bucks Slow Sales Trend For Million-Dollar Plus Condos With Nine Units Sales in Last 60 Days

Date: 3/13/18

Ocean Land Investments today announced that they had secured nine sales over the past 60 days at their Aqua-branded niche luxury developments, totaling \$16.9 million in sales. The sales were realized at AquaMar and AquaBlu.

“We are very grateful for the confidence that the marketplace has and continues to show in our projects,” said Jean Francois Roy, founder and President of Ocean Land Investments. “To have realized this volume of sales in 60 days is very encouraging.”

There are now only 11 total units left for sale at the popular Aqua-branded developments.

There are three units available at AquaVue, one unit available at AquaMar, and seven at AquaBlu. Two of the communities, AquaLuna and AquaVita, are completed and sold-out.

One of South Florida's most appealing and price-competitive luxury communities, the remaining inventory of Aqua-branded residences range in price from \$1.6 million to \$4.495 million.

"These are large, luxurious waterfront units with amenities that include docks, oversized balconies, spectacular views and so much more," continues Roy, "and with per square foot prices starting at \$550, the value is unprecedented."
