Ocean Land Investments has tapped Life Care Services (LCS) to provide development consulting, management services and marketing for its \$215 million Riverwalk Residences of Las Olas, a high-rise senior housing project in downtown Fort Lauderdale, Fla. LCS Development will provide the consulting and Life Care Services will provide the marketing and management.

*“I have certainly known of the LCS family of companies for quite some time, and appreciate not only their broad range of offerings, but more importantly their professionalism and dedication,”* Jean-Francois Roy, founder, president & general partner of Ocean Land Investments, told *Multi-Housing News*. *“Riverwalk Residences of Las Olas is a truly innovative project, and to that end, we wanted a partner that appreciated our vision in high-rise senior urban living, and had the skills and track record to help us make it a reality. While we spoke with a number highly qualified organizations, LCS clearly stood out as an organization and provides a model and mission that we are the most comfortable with.”*

## RIVERWALK AMENITIES

Located at 333 N. New River Drive E., the 42-story tower will comprise 401 independent living, assisted living and memory care units designed by Borges Architects + Associates. Construction of the community is set to begin in spring 2019 and is scheduled for completion by summer 2021. Features of the project include a green area and indoor/outdoor plaza on the ground floor, as well as a sky garden at the tower level that showcases a “tree of life.” Residents will have access to on-site doctors, physical therapy and adult daycare. Amenities will include restaurants, a rooftop bar, a full-service spa, a fitness center, an outdoor pool, hotel rooms, a gourmet market on the ground level and valet parking.

LCS has been very active in managing Florida senior housing developments. The company was also tapped to manage the **\$82 million Windsor at Celebration**, a senior housing community in Celebration, Fla., which is currently being developed by Big Rock Partners. The property will comprise 239 independent living, assisted living and memory care residences, and is set to open this spring.
